Version: 202407V1
Product Name: Reusable Rubber Neutral Electrode
* 264cm ² , SIZE: 220mm*120mm;
 The image shows a black, rectangular reusable rubber neutral electrode. It has a slightly rounded top-left corner and a small tab on the right side. Red double-headed arrows indicate the dimensions: 120MM for the width and 220MM for the length. The area 264cm² is written in red text on the electrode's surface.
