

UPS(Online)

HBG Series

High frequency online UPS power supply (single input and single output)

Features

True online double conversion

Input power factor correction

Output power factor up to 0.8

Ultra-wide mains input range (110V-300V)

Efficient frequency conversion mode OEEO mode provides energy saving effect (only for 1-3K models)

Compatible generator input

Long-term model charging current up to 6A

Optional sophisticated SNMP card can be used alone or with USB

Perfect monitoring with RS232

Simple operation control through display

And comprehensive display monitoring UPS status

Technical Parameter

Specification	HBG-1KH(S)
Capacity	1000VA/800W
Input	
Voltage Range	110 -300VAC~ 50% Load 160 -300 VAC ~ 100% Load
Frequency Range	40Hz ~ 70 Hz
Crest factor	100% Load $\geq$ 0.99
ouput	
output voltage	200/208/220/230/240VAC
Voltage Range	47~ 53 Hz or 57 ~ 63 Hz
Size(length*width*height)mm	145 X 282 X 220
Net weight(kgs)	9.8
Lasting time	15Minutes
